

35th Annual Caretakers of the Environment Conference

CEI 2021

SUSTAINABLE
COMMUNITIES:

*working together locally and
globally for a sustainable future*

CEI 2021 TIMETABLE & PROGRAMME

céad míle fáilte from ireland, your host for the 35th cei conference.

The concept of bringing young students, teachers and educators of the world together to learn and share about the environment has existed since the Hague in 1987. In 1998 when I was first conference co-chair, technology was only in it's infancy. Phones barely existed, internet was slow, communication took ages. Today it is technological advances that make it possible to host a full conference without using all those air miles travelling to another part of the planet.

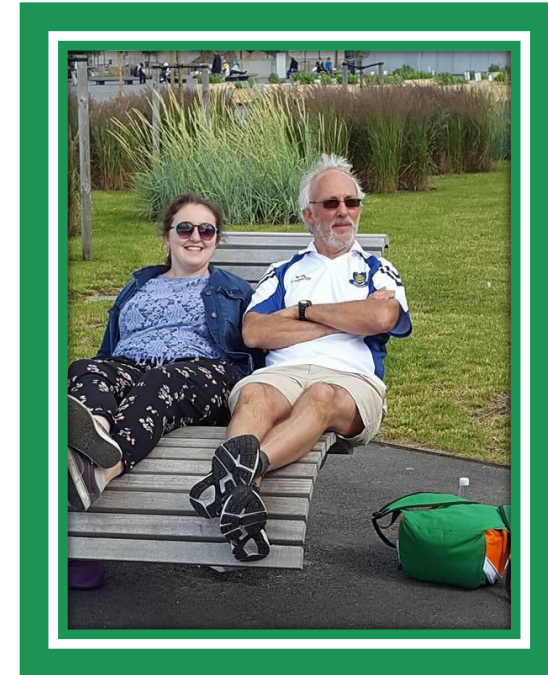

We look forward to meeting first time participants and long time friends equally.

**WARM GREETINGS FROM WATERFORD,
ANDREW COX**

**welcome everyone (virtually) to ireland for the 35th cei
conference.**

Never would I have thought when I was at my first conference (Ireland 1998), aged 6, that I would end up co-hosting a conference with my father 23 years later. I have grown up with the conference essentially, being a kid in 1998, a student (2006-2009), a junior alumni (2012-2014), a mentor to students (2015-2016), a member of the Senior Alumni Committee (since 2020) and now the co-host of the conference. When we realised that that international travel would still be unlikely for 2021, myself and the Senior Alumni Committee thought about how we would run another virtual conference, what would we change, improve, etc. We talked with my father and talked about whether he would assist us if we were to propose another virtual conference. His experience as a past host and past president of CEI has been invaluable. You will notice that there have been a few changes for 2021, including shortening the conference to 5 days and providing multiple timeslots to allow for timezones (as much as possible). We are also going to not just have workshop sessions, but also cultural workshops to showcase the culture of Ireland and get participants using their creativity! We can't wait for you to experience everything we've been working on but we can't wait to see what you all have prepared too! In Ireland, we say "Níl aon tinteán mar do thinteán féin" (There's no place like home) and I look forward to sharing my home with you all as part of CEI 2021.

**WARM WISHES FROM DUBLIN,
LAURA KELLY**

How to use this document:

1. THE SIMPLE PROGRAMME

This is the simplified summary version of the timetable – you can click on each day to skip to a full timetable for that day. You can also click on the activities to see the description of the session.

2. DAY BY DAY TIMETABLES

A more detailed version of the programme for each day is also provided including any sub groups that you need to be aware of.

3. DESCRIPTIONS

For each programme element there is a short description of what the session is about, who the chair or speaker is and how long the session will last.

4. GROUPINGS

For project presentations, the poster exhibition, workshops and clan groups, you will be divided and mixed in various groups. It is your responsibility to navigate to the correct breakout room for those sessions. Please make sure to check the [division of groups page](#)! CONFERENCE PLATFORMS

1. ZOOM

The main conference platform will be Zoom. To download and use Zoom please follow these instructions:

<https://zoom.us/download>

The Zoom call details will be sent out 2 weeks before the conference to all registered delegations.

Most parts of the conference will take place in the “Zoom main room” where all conference participants will be on a regular Zoom call but with their microphones switched off.

Some sessions will require you to navigate to the correct breakout room (see the next section).

We ask that all participants take responsibility for their own display name.

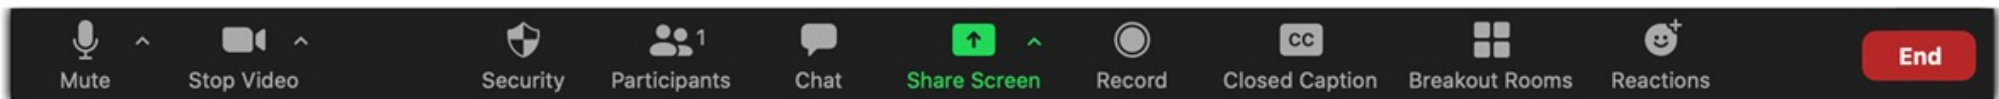

All students and participants under 18 MUST have the following: Name – Country e.g. Sam – Sweden.

No family/surnames are allowed.

Any inappropriate or unreadable display names will be removed by the hosting team.

2. USING ZOOM & ZOOM BREAKOUT ROOMS

- 1 Click here to turn on/off your **microphone**
- 2 Click here to turn on/off your **camera**
- 3 You can see who else is on the call. If you want to **change your own name** in Zoom, click on participants. Beside your name, there will be the option “rename”. Enter your name (see our rules) and click okay.
- 4 Click here to view the **chat**. Use the chat to ask questions and interact with other participants.
- 5 Often you will need to go to a certain **Breakout Room** (e.g. for your Clan group or Workshop). Click here and then click on the Room you are meant to be in.
- 6 Click here to use the Zoom **reactions**. You can choose e.g. to do ‘thumbs up’ or ‘clap’ for a speaker or fellow participants.
- 7 Clicking here means you **leave the call**. If you want to re-join, you might have to login again

3. WONDER.ME – POSTER EXHIBITION AND FINAL PARTY

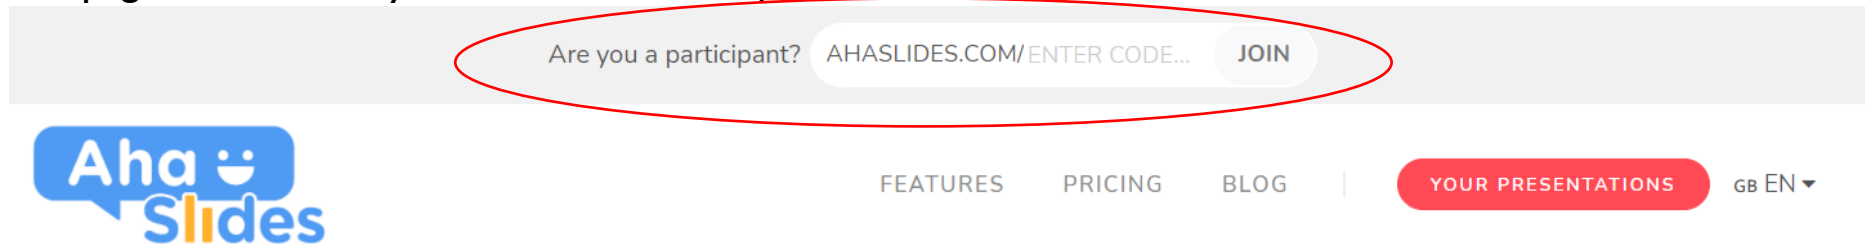

For the virtual poster exhibition and final party we will be using the Wonder.me platform. This platform can be opened in a regular browser window and allows you to “walk around” and create circles of conversation with other conference participants. Prior to the conference, the wonder.me links will be sent to registered delegations. To access the platform:

1. Click on the wonder.me link
2. Enter your name and take a photo (you can replace your photo and edit your name later)
3. You can now click with your mouse to navigation to different “areas” of the room
4. You can try out Wonder.me here: <https://www.wonder.me/r?id=deebd57f-5b70-49da-9516-c6853c1a8a19>

Please note: one student from each group presenting a poster must attend a wonder.me tutorial on July 4th to learn how to display their poster

4. AHASLIDES

During the conference, some sessions will require interaction! We are using the AHASlides platform for this. When instructed, you can navigate to <https://ahaslides.com/> and enter the activity specific code at the top of the webpage. Voila! Now you can answer our questions and interact.

5. YOUTUBE & LIVESTREAMS

Throughout the conference, certain elements of the programme will be live streamed to allow a greater audience to tune into some of the main elements of the conference. Please feel free to share these streams with family, friends, colleagues and community partners who may be interested! Unable to tune in live for one of the sessions that is being livestreamed? You can also use the streams to watch it later at a time that suits you! On our Youtube channel, you will also find content from the preconference and many of the talks from the conference will be uploaded to our channel during the week of the conference too.

The sessions which will be livestreamed are as follows:

- Monday, 5th July: Opening Ceremony 13.00 – 15.00
- Monday 5th July: SDG Quiz 17.00 – 18.00
- Wednesday, 7th July: Great CEI Bakeoff 17.00 – 18.00
- Thursday, 8th July: Cultural Performance 13.30 – 15.00
- Thursday, 8th July: The CEI Lyric Board 17.00 – 18.00
- Friday, 9th July: Closing Ceremony 13.00 - 15.00

All livestreams and videos will be on our YouTube channel, Alumni CEI:
https://www.youtube.com/channel/UCWfFn_YXh1LYPW2meaMrH4Q

6. GDPR AND PRIVACY STATEMENTS

All participants of the CEI 2021 virtual conference must carefully read and agree with the Participant Statement which can be found here: <https://www.alumnicei.org/participantstatement2021>. This contains our full policy concerning minors, data protection and privacy and social media policy. However, some key points which we want to emphasise are as follows:

- Unauthorized use of the CEI 2021 and Alumni Logo are not permitted.
- The delegation leader is responsible for the behaviour, conduct and safety of their delegates.
- We cannot take responsibility for the actions of all participants, however we will be moderating chats and conversations as much as is possible to ensure the safety and wellbeing of all participants.
- As stated previously [here](#), it is the responsibility of the delegate to have the appropriate display name on the platforms being used for CEI 2021.
- All data collected via Google registration forms and forms used to submit posters (etc.) will be stored by the CEI Alumni Team on our servers. This information will only be used to contact you about the conference and/or future CEI activities. If, after the conference, you wish to stop receiving communication from CEI, please email us at alumnicei0000@gmail.com and your data will be erased from our database.
- We will never share your data with third parties.
- The privacy policies of the platforms being used for CEI 2021 can be found below, beside the platform name:

CEI 2021 TIMETABLE & PROGRAMME

7. JULY 4TH – TECH TRIALS AND EXTRA ICEBREAKERS

The day before the conference, please join us between 13.00 - 15.00. This session is optional but we strongly encourage you to attend so you can get organised and excited for CEI 2021!

It's a good time to ensure you are ready to go for the conference especially to check that your Zoom, webcam and microphone are functioning correctly. Having technical problems? No worries, our technical support team will be on hand to help you!

First time at the conference or have some last minute questions about the conference programme? Your conference hosts, Laura and Andrew will be on hand to answer your queries.

Just want to meet your fellow delegates and play some games? The Clan Leaders will be there to play some icebreaker games so you can get to know each other a little bit before the conference. It's also a great chance to meet your Clan Leader for the first time and make sure you know which clan you are in

CLAN GAMES: PART 1

- TIME:** 09.30 – 11.00 GMT
- CALL TYPE:** Zoom breakout rooms
- GROUPS:** Clan groups
- DESCRIPTION:** Let's bring it back to 2013 and the bonnie banks of Loch Lomond! The clan games, inspired by our Celtic host, will see the delegates split into clans (teams), relating to Irish animals. Throughout the week, clans will meet up and compete within themselves and against other clans. A score will be kept throughout the week to determine the strongest Irish animal! Or maybe smartest? Or fastest? A reminder that you can check the group division on the password protected final information page: <https://www.alumnicei.org/final-conference-information>

SOCIAL MEDIA TIP: #CEI2021 #makingfriends #globalcommunity - share your fun, tag your new friends and make sure to look for and include the CEI stickers on Instagram!

TEACHER ICEBREAKERS

- TIME:** 09.30 – 11.00 GMT
- CHAIR:** Vildana Bašić
- CALL TYPE:** Zoom breakout room
- GROUPS:** Teacher clan group
- DESCRIPTION:** Meet your fellow teachers for the first time! We encourage you to bring along your favourite environmental book to discuss as an icebreaker.

POSTER EXHIBITION 1

- TIME:** 11.00 – 12.00 GMT
- CALL TYPE:** Wonder.me
- GROUPS:** Group 1 exhibit, group 2 circulate
- DESCRIPTION:** Students present posters about their CEI project in a virtual poster exhibition. Teachers and students who are not presenting can “walk” from poster to poster and ask questions about each poster on the Wonder.me platform. A reminder that you can check the group division on the password protected final information page: <https://www.alumnicei.org/final-conference-information>

SOCIAL MEDIA TIP: Don't forget to vote for your winning poster! You can vote here between July 1st and July 8th <https://forms.gle/p8QZKvJqEy3BjAmr5>. The winner will be announced at the closing ceremony.

VIRTUAL FLASHMOB/BREAK

- TIME:** 12.00 – 12.30 GMT
- CALL TYPE:** Zoom breakout rooms
- GROUPS:** Clan groups
- DESCRIPTION:** Come together to learn a virtual flashmob dance which will be performed at the end of the week - no dance experience necessary! Two clans will come together for each section of the dance, water (clan puffin & clan seahorse), rural (clan hedgehog & clan bumblebee) and urban (clan red setter & clan squirrel), followed by one section for all clans together. Work in harmony to pull off this fun, mood-boosting routine which is sure to go down in CEI history!

COFFEE AND CHAT/BREAK

- TIME:** 12.00 – 12.30 GMT
- CHAIR:** Vildana Bašić
- CALL TYPE:** Zoom breakout room
- GROUPS:** Teacher clan group
- DESCRIPTION:** Join fellow teachers and observers with a hot beverage to introduce yourself and talk about environmental education

OPENING CEREMONY

- TIME:** 13.00 – 15.00 GMT
- CHAIR:** Susan Steele
- DESCRIPTION:** Join us for the opening ceremony of CEI 2021! The session is chaired by Dr. Susan Steele (PhD, MBA, MEd, BSc), the Authority Chair at the Sea Fisheries Protection Authority. With a focus on strategic direction, Dr. Steele works with the senior management team in promoting excellence in the SFPA through a combination of leadership, commitment and clear direction, while ensuring SFPA employees continue to protect our marine resources. She is originally from Castletownbere, where she harboured an ambition to become a marine biologist from the age of three. With a PhD in Zoology from UCC and a BSc in Marine Biology from the University of Wales, Dr. Steele has worked in both academic and private and public sector appointments, and prior to joining the SFPA in March 2013. She is also a business and executive coach, and was awarded a Harvard Executive Certificate in Public Leadership in 2018.

- SPEAKERS:** Dan Hoynacki & Isabel Abrams
- DESCRIPTION:** Dan Hoynacki is the head of resources and development of the CEI International Board, he will give the annual greetings speech on behalf of the board. Dan is the president of CEI USA, long time educator and youth mentor.

Isabel Abrams is one of the founding members of CEI and she founded CEI in 1986 because she was “*very worried about our world*”. Since the first conference in 1987 Isabel has been an ever-present feature of CEI encouraging and inspiring new generations of Caretakers. She will tell us about founding CEI and the history of the organisation.

VIRTUAL FLAG CEREMONY

TIME: 13.30 – 14.00 GMT

DESCRIPTION: Every Caretaker conference starts with a flag parade of all the flags of countries represented at the conference. Something new and exciting this year: join us on a virtual trip around the world as we watch Caretakers recreate their country's flag in an innovative way!

KEYNOTE: MARY ROBINSON

TIME: 14.00 – 14.30 GMT

SPEAKER: Mary Robinson

DESCRIPTION: Mary Robinson (1944) was the first female president of the Republic of Ireland, serving in office from 1990 to 1997. Thereafter she took up the position of United Nations (UN) High Commissioner for Human Rights, a position she held from 1997 to 2002. In 2010 the Mary Robinson Foundation – Climate Justice was set up, an organization dedicated to be 'a centre for thought leadership, education and advocacy on the struggle to secure global justice for those many victims of climate change who are usually forgotten – the poor, the disempowered and the marginalised across the world.' In 2007, she was a founding member of The Elders, the group of independent global leaders founded by Nelson Mandela who work for peace, justice and human rights. She is now chair of the Elders. Mary Robinson is currently professor of climate justice in Dublin. Mary Robinson will share her thoughts about the role and power of youths in the fight against climate change and her experiences with connecting local stories and communities with global movements and discussions. We're excited and honoured to have this high profile speaker join us!

GROUPS: Teacher clan group

DESCRIPTION: Citizen Science is now accepted as a scientific and educational discipline. This workshop will start with a brief recap of what citizen science is and the way it has been used in classrooms and fieldtrips for decades, highlights of technological advances like smart phone with camera and GPS which have opened up a platter of new opportunities for citizen science. Then a brief look at challenges which practitioners and educators should be aware of and European Marine Board ten good practice principles as one of the supports available to those planning citizen science. This will be followed by two 10 minute case study presentations. The first by Dave Wall of the National Biodiversity Data Centre on recording biota around us and sending the findings for validation and inclusion in biodiversity data sets which can then be available for multiple uses. The second case study sets out examples of citizen science applied to participate directly in environmental protection and management. This includes use in environmental audit of an area as precursor to improvements of say school ground biodiversity, identification of problem hotspots of say marine litter or setting volunteer citizen science findings into legal context, like nitrate pollution and helping or instigating action to improve matters. Introduction and Case Study 2: Karin Dubsy international Coordinator Coastwatch. Karin Dubsy BA, MSc is an estuarine ecologist, university staff in Trinity College Dublin and Director of Coastwatch. As active environmentalist with over 3 decades of experience in citizen science she sees informed local community involvement in coastal planning and protection as essential. Later Karin cofounded Coastwatch Europe as a network of research, education and environment groups using citizen science to support informed public participation in environmental protection and management.

SUSTAINABLE TOURISM

WORKSHOP LEADER: Laura Kelly
DESCRIPTION: This workshop will be led by Laura, FIT Operations Coordinator of Brendan Vacations and CEI 2021 host. It will focus on small-mid-sized sustainable tourism businesses and their impact on local communities. Students will create their own fictional sustainable tourism business in groups and market this using social media.
SOCIAL MEDIA TIP: #mybrendanstory #sustainabletourism #ecotourism #MakeTravelMatter

SUSTAINABLE COSMETICS

WORKSHOP LEADER: Nadia Young
DESCRIPTION: Nadia is the CEO of company Asili Lifestyle, a branch that develops ethically sourced and naturally derived lifestyle products. This workshop invites participants of all ages to come learn more about being an eco-conscious consumer. Come ready to brainstorm and to also create a variety of personal and home products that are multifunctional with minimal ingredients.
SOCIAL MEDIA TIP: Follow Nadia on Instagram: [@nadiva031](https://www.instagram.com/nadiva031) and Asili [@asili_natural](https://www.instagram.com/asili_natural) and check out Asili here: <https://www.asililifestyle.com/about>

10 MINUTE NEIGHBOURHOODS

WORKSHOP LEADER: David Quinn

DESCRIPTION: David has over 8 years experience working as an Urban Planner in both the private and public sectors. He is currently working with Waterford City and County Council on the review of the Development Plan.

The 10 minute neighbourhood workshop seeks to address the following questions:

1. What principles should guide the development of Healthy 10-Minute Neighborhoods?
2. How is Waterford city addressing this goal?
3. How can we best develop a process for achieving the goals?

SOCIAL MEDIA TIP: Google 10 minute neighbourhoods, take pictures of what is in your 10-minute radius and tag @imacei on Instagram!

CARBON OFFSETTING

WORKSHOP LEADER: Mylène Zambon

DESCRIPTION: Mylène works on projects that reduce and sequester greenhouse gas emissions through a change in activities, whether it is the reforestation of agricultural land, sustainable agricultural practices or rewetting drained peatlands. Together with her colleagues, she helps to certify the emissions reduced through these projects under existing third-party standards in the voluntary carbon offsetting market. Want to know what all of this means? - Join the workshop!

This workshop will give you an introduction to the voluntary carbon offsetting market and how it is used to fight climate change. What is it? How does it work? Why does it exist? What are carbon credits? How can someone use a carbon credit to offset their own behavior? Where do the carbon credits come from? After this overview, you will get the chance to discover what kind of projects are possible and, in a group, design your own project.

SUSTAINABLE ENERGY AND CLIMATE

WORKSHOP LEADER: SEAI & Jessica Kelly

DESCRIPTION: SEAI is Ireland's national sustainable energy authority. We work with householders, businesses, communities (including young people) and government to create a cleaner energy future. To achieve this Ireland must use less energy, move to clean energy and innovate to create new solutions to meet our energy needs. Jessica Kelly won SEAI's Emerging Sustainable Energy Champion Award in 2020. She is a fifth year student in Loreto Abbey school, Dublin and has a keen interest in the environment and sustainable energy. It was through her many activities in her school and community that led her to be nominated and ultimately win this award. Jessica will speak to participants about sustainable energy and what it means to her as a young person.

SEAI facilitators will deliver a workshop on the topic of sustainable energy and the many solutions to climate change. It will be engaging and interactive – you will evaluate your everyday activities and actions, consider options such as energy efficiency and renewables. You will be encouraged to give your opinions in various group activities.

MILLENNIAL PODCAST

WORKSHOP LEADER: CEI Alumni

DESCRIPTION: Do you have the drive to speak your mind on a platform? Have an interest in podcasts and how they work? Would simply like to be part of a workshop that helps you learn how to deliver environmental messages?

We'd love to see you at our Millennial Podcast workshop! Brainstorm, research, and present facts with other students in a podcast that will be recorded during the session and posted to our website. We will help you facilitate all the research and skills needed! See you there!

MEDIA AND THE ENVIRONMENT

WORKSHOP LEADER: Armand Wachelder

DESCRIPTION: Armand is the head of the CEI Maastricht branch, an artist and innovator. In this workshop we will creatively explore how to combine and share images and words. We will get into the topic of online environmental advocacy in a fun and challenging way - How would you creatively communicate to others that they too, should be Caretakers of their Environment?

CIRCULAR ECONOMIES & PLASTIC

WORKSHOP LEADER: Gerardo de la Vega

DESCRIPTION: A circular economy model through the Precious Plastics efforts in Costa Rica by Fundación Madre Tierra Verde. Gerardo de Vega is an Electronics Engineer with a Master's Degree in Climate Management and another one in Renewable Energies. He works as a PMP for Fundación Madre Tierra Verde. This workshop will introduce students to the circular economy model by showing how FMTV applies it through the Precious Plastics initiative.

SOCIAL MEDIA TIP: You can follow Gerardo on LinkedIn [Gerardo de Vega](#) or Facebook [Gerardo de Vega](#)

SUSTAINABLE LIVING

WORKSHOP LEADER: Laura González (CEI Portugal)

DESCRIPTION: “My name is Laura González and I love communication and work on sustainable development and environmental education. I have long experience on project management of environmental education and communication programs and now I am working for a Spanish Foundation called the Sustainable Life Foundation, where I work on the development of resources and tools for a sustainable life. At this workshop, we will explore how we can calculate our carbon footprint, and the most important, how to reduce it! We will use active methodologies and will exchange personal experiences.”

CLIMATE JUSTICE

WORKSHOP LEADER: TCD Environmental Society

DESCRIPTION: “Hi everyone, I'm Becca, a 21 year old student studying at Trinity College Dublin in Ireland, and I will be one of the committee members of Trinity's Environmental Society hosting this workshop!

Many of you will have grown up as passionate environmentalists, partaking in a climate strike or two, and educating yourselves and others on important climatic and social issues faced by communities all over the world today. Trinity Enviro Soc would therefore like to develop your knowledge and skills around climate justice, activism, and awareness through informal discussions, art, and more!”

PROJECTS 1

TIME:	09.30– 12.00 GMT
CALL TYPE:	Zoom breakout rooms
GROUPS:	Project groups
DESCRIPTION:	

Projects are at the core of any CEI conference. Most groups have been working on a project in the weeks or months prior to the conference, related to the CEI 2021 theme. Maybe you have not yet executed or completed a project: no problem, that's why we invented 48 hour projects!

Regular/full projects: students have an opportunity to present their own project. This year we're doing that via prerecorded videos to maximize time and space for discussion. You learn the most by getting feedback on your own project and asking questions about other schools' projects. We look forward to hearing your exciting projects. Short descriptions of all projects will be included in the Global Forum for Environmental Education.

48hour projects: students create and undertake a project in 48 hours. Together with our facilitators, pick one of our suggested projects or design your own! We will focus on achievable goals and the importance of small actions in making a big difference for our planet. You can achieve a lot in 48 hours! Participants will also write a short summary of their project for the Global Forum for Environmental Education.

A reminder that you can check the group division on the password protected final information page: <https://www.alumnicei.org/final-conference-information>

TEACHER SESSION: CLIMATE LAW & GOVERNANCE

TIME: 17.00– 18.00 GMT

SPEAKERS: Andrew Jackson

CALL TYPE: Zoom breakout room

GROUPS: Teacher clan group

DESCRIPTION: Dr. Andrew Jackson is an Assistant Professor of Environmental Law at University College Dublin and a practising lawyer specializing in public interest environmental litigation. In 2017 he instigated a legal case known as Climate Case Ireland, which ended in the Supreme Court of Ireland in 2020 with the Supreme Court quashing the Irish government's inadequate climate mitigation plan. This made Climate Case Ireland only the second case in the world to successfully challenge a government's overall mitigation ambition. The Supreme Court's judgment was variously described as "a watershed moment", "seismic", and "a turning-point for climate governance in Ireland". The workshop will discuss the experience of litigating Climate Case Ireland, how strategic litigation can help to address climate breakdown, and how the public campaign in support of the case helped to strengthen and diversify Ireland's climate movement.
